Come and make completely inedible food!

Craft a food-shaped felt sachet filled with lavender, knit some sushi (bring your own knitting needles) or try your hand at making miniature fimo (clay) food--perfect for dollhouses or just to put on display.

Sign up online: <http://goo.gl/WFVGa>

Felt food and fimo food will start at 6:30 p.m. Knitted food will start a little before 7 p.m.
